

YOUR SPECIALTY PHARMACY PARTNER

At Noble, you can count on us to be your partner in patient care. Put your patients on the fastest path to approval possible by sending all of your specialty prescriptions to Noble, our team is ready to help today.

Patient visits your office.
You choose therapy for patient.

Your office sends the following patient information via E-Scribe or fax to Noble:

Prescription & Enrollment Form □ Diagnosis & ICD-10 Code

- Insurance Card/ Demographics Page
- Any Applicable Labs
- □ Complete Medication List
- □ Tried/Failed Medications
- ☐ All Related Clinical Notes

Noble sends a confirmation fax and begins PA process, if applicable.

- If a PA is not required, we will follow up with the patient and dispense the medication.
- If a PA is required, but your office prefers to submit it itself, the prescription will move on to the Pharmacy Team once Noble receives the approved PA.
- 1. Noble reviews clinical notes and completes forms.
- 2. Completed forms are sent to your office for signature.

- 3. Noble sends forms to insurance company for approval.
- * If PA is denied, our Appeals Team will work with your office to complete the appeals process.

Our pharmacy team will package the medication with all ancillary supplies.

NOTE: If Noble cannot fill the prescription, we will contact the preferred specialty pharmacy, assist with PA if applicable, and send a confirmation fax of where the prescription was transferred.

NOTE: If Noble is unable to contact the patient, after three attempts, we will reach out to your office for assistance.

Noble contacts patient to complete patient profile, offer copay assistance, and confirm delivery.

Noble ships prescription via next-day delivery.

Noble manages the medication for your patients — scheduling refills in advance — to give you and your patients peace of mind.
